The State Register of Springfield, Ill., says of the John Thomas Concert Company, which will be at Washington Opera-house Monday, December 10th:

Mr. Thomas is a whole performance in himself. His fun, though intense, is refined, mirth-making, and an excellent liver corrector. In this regard he is a benefactor to the race—at least those of the race who hear him, and they are legion. He might go through pantomime performance alone and convey much to his audience without ever opening his mouth; but he chooses to open it, and the audience is pleased every time and the house resounds with laughter and applause.

See the ad elsewhere of "Boss" Steel Ranges, Messrs. Leonard & Lalley Agents.

Another large and well-pleased audience greeted the Keystone Dramatic Company last night, upon the occasion of their presentation of "For Home and Honor." The whole performance but served to add to the reputation and popularity of the Company. "Charity Bess" this afternoon at the grand family matinee, at which the prices will be 10 and 20 cents. "The Head of Man" tonight. Prices 10, 20, 30 cents.

The final crop report of the season has been issued from the State Agricultural Department. It is made up from the reports of correspondents in about 100 counties, and is devoted mostly to the condition of the growing crop of wheat, which does not at this early time indicate that it will be a record-breaker. The cattle to be fed during the winter are only 67 percent, of the stock of last winter.

For chapped or rough skin use Ray's Edwells Cream; it's guaranteed.

The big Indiana was up last night for Pomeroy.

The Queen City will be up tonight for Pittsburgh.

The Helen N. Gould will pass up tonight for Portsmouth.

The rivers are falling again at headwaters, after having reached a stage of 11 feet.

The Courier is now running in the Ohio-Cincinnati trade in opposition to the Helen M. Gould.

About 15 towboats with all they could push got away from Pittsburgh on the present rise. Most of the coal is loaded in heavy boats.

Captain Ed J. Howard has brought suit in Cincinnati against the People's Coal Company for \$2,500 for building the towboat C. W. Thomas.

During the latter days of the famous towboat, Fred Wilson—about twenty years ago—he took twelve coalboats to New Orleans from Louisville and was back again in eighteen days.

The barges loaded with rails, wire nails and other Pittsburgh manufactured goods being transported by the Monongahela River Consolidated Coal Company, will no doubt aggregate 30,000 tons.

The railroad offices of the L. and N. and Kentucky Midland at Paris will probably be consolidated and operated under one management.

"The paper is excellent, has no faults at all."  
All other papers may pass for this one.

The Cynthiana Democrat is edited by a patriot who is not blinded by partisanship. While he is a Democrat to the core, he can see the weak places in his party and in its legislation, and those he wants corrected, that Kentucky may take her proper place in the great sisterhood of states. He records the movement of the Maysville Board of Trade in the following effective way—

"Notice an article elsewhere in today's Democrat with regard to Kentucky's having an appropriate and worthy display at the St. Louis Exposition in 1903. Maysville's Board of Trade has taken the initiative, and Senator Cox will introduce the matter in the Legislature. It is certainly time for Kentucky to wake up and get out of the ruts and let the world know something about the resources and possibilities of the state. The display at the Chicago Fair proved practically a failure because the means were too meagre and the exhibits were too greatly handicapped. Since 1893 remarkable things have happened here. The deplorable political situation, the economic depression, the terrible, and the impression is broadcast that we are a blood-thirsty people with no desire for commercial advancement or improvement. We are to be left alone with our fowls and murders. The error must be corrected, and the St. Louis Exposition is one place to help it along. It is a duty of the Legislature to make an ample appropriation—and, along with that, it is its duty to repeal or amend the obnoxious laws that drive capital from us and hold Kentucky back in the grand procession of Southern states towards new and better things."

BRADLEY'S SMARTNESS.

Louisville Democrat.—Governor Bradley's opinion that the Goebel Election Law was void is now upheld by the lawyers and Courts, and by other opinion that the grant of the power to the Prison Commission to parole convicts is also upheld. Next it will be found that Goebel's Prison Commission is illegal. How would it be for the coming Legislature to appoint Bradley as guardian for Currier Beckham, and require him, without additional compensation, to advise the (Goebelian) matters of law? "Darn old Bradley! He's smarter'n anybody," is the Bill Thorne puts it.

"BUTTON, BUTTON, WHO'S GOT?"

Louisville Democrat.—For the first time in several years our townsmen, Colonel W. O. Bradley, set his brogan in the White House. McKinley gave the distinguished Kentuckian the key stone to the White House. Bradley wouldn't dance to Mr. Hanna's music, but President Roosevelt recognized the fact that Mr. Bradley is the biggest man in the Kentucky Republican ranks and lets him slide down his cellar door, climb the apple tree in the White House yard and halloo down the rain barrel all he pleases. A Kentucky pie hunter will get a solid potato for him. Same J. H. Roberts' place as a factor of Seventh National Revenue District.

BRADLEY'S SMARTNESS.

Mr. J. C. Motley, who is so affectionately called "Uncle Sam," was up at 4 o'clock this morning, since which time her condition has not been so favorable.

The remains of the late Father McMahon, who died Wednesday in Cincinnati, were brought here at 11 p. m. yesterday. The funeral occurred from St. Patrick's Church this morning and the interment followed in Washington Cemetery. Father McMahon had many relatives in Mason and Fleming counties.

Mrs. Jennie Barr, who has been  
leaving Portsmouth Monday to  
spend the winter in St. Augustine, Fla.,  
for the benefit of her health.

Mr. M. O. Parkier, formerly of The  
University of Chicago, is now located in  
Dallas, Tex., and is assisting in the

The Committee appointed by the last  
General Conference of the Methodist  
Episcopal Church to revise the hymnal  
now in use in the Church has begun its  
labors at Cincinnati. The Committee's  
task is to select out of the 1,200 hymns  
now in use in the Church the best of the  
hymns and to choose 200 new hymns  
to be added to the 400, making a new  
hymnal of 600 hymns.

Deafness Cannot Be Cured  
By local applications, as they cannot reach the  
diseased portion of the ear. There is only one  
way to cure deafness, and that is by constitutional  
remedies. It is caused by an inflamed con-  
ditiion of the mucous lining of the Eustachian  
tube. When this tube is inflamed you have a  
running ear, and if it is not cured it will  
lead to deafness. It is entirely cured by the  
method used by Dr. J. C. Chenoweth, and  
the inflammation can be taken out and  
the tube restored to its normal condition. Hearing  
will be restored forever, since cases out of ten are  
restored by salvarsan. It is not a cure, but an in-  
stant relief. We will give One Hundred Dollars for any case  
of Deafness caused by earache that cannot be  
cured by Hall's Catarrh Cure. Send for circulars.

It Takes a Remedy to Draw  
the Unqualified Praise of  
a Successful Practicing  
Physician.

Dr. J. W. Bates of Cora, N. Y., states  
"A most remarkable case has come under  
my hands of late and has fully convinced me  
of the wonderful power of Dr. A. W. Chase's  
Nerve Pills over diseases of the nerves."

"A young lady who was treated for over  
two years for epilepsy by two doctors was  
given up to die. I found that her sickness  
was not epilepsy, but nervous trouble, due  
to neuronal derangements, and prescribed  
four of Dr. Chase's Nerve Pills a day, after  
meals and at bed-time. Since that time she  
has not had a single bad spell. Her health  
has rapidly improved, she has gained about  
15 pounds in weight, and I do not hesitate to  
state that Dr. A. W. Chase's Nerve Pills have  
saved her life and restored her to health."  
Mrs. Fawcett of Marietta, St. Cloud,  
Minn., writes: "I have used Dr. A. W. Chase's  
Nerve Pills and can recommend them to  
others as a good sound reliable nerve  
and general tonic. When I got the box of  
the Pills it was complaining of nervousness,  
weakness and pain through the shoulders—  
rheumatic in type—digestion not over good  
as usual. The effect of the medicine has  
been very satisfactory indeed. So much so  
that I have been changed towards health and  
comfort I can conscientiously say they are  
the best medicine long when my nerves were  
myself and my physical strength and  
energy back again. I feel I am getting all  
the benefit possible."

Mrs. M. J. Hubbard of Railroad Avenue,  
St. Cloud, Minn., writes: "I have used Dr.  
A. W. Chase's Nerve Pills. I was nervous,  
excitable, unable to sleep. I had not been  
able to do my housework for some time. I  
was steady and strong—my physical strength  
and energy back again. I feel I am getting all  
the benefit possible."

See that the portrait and signature of Dr.  
A. W. Chase are on every box. Made  
at St. Cloud, Minn., by Dr. A. W. Chase,  
physician, and Dr. A. W. Chase, M. D., St. Cloud,  
Minn., U. S. A.

A Day's Doings in Kentucky.

A BIG DEAL IN WHISKY.  
Seven Thousand Barrels of the Spring  
of '98 and Fall of '94 to Be Shipped  
to Hamburg and Bremen.

Louisville, Ky., Dec. 7.—A deal has  
just been completed between the Kentucky  
Distilleries and Warehouse Co. and a  
Louisville warehouse company for the ex-  
portation of 7,000 barrels of the spring  
'98 and fall '94 whisky to the foreign  
markets of Hamburg and Bremen, Ger-  
many. The shipment is made in order  
to avoid the payment of taxes on these  
goods, which would soon be forced out  
of bond, the eight year period having  
nearly expired.

This is the largest single exportation  
of Kentucky whisky ever made. It  
is shipped in 7000 gallon casks and it  
will take two large trains to carry it to  
the seaboard.
